How do you plan to meet your expenses for your second and subsequent years of study?

Students applying for an F-1 visa (including a change in program or degree level, extension of program, etc.) must show proof of funding for the duration of their studies.

This form must be accompanied by proof of funding statements.

- Documents (bank statements, sponsorship letters, etc.) must be original.
- Employment letters for on-campus positions can be counted towards proof of funding.
- Any funding from a source other than the university or student must be accompanied by a letter stating the sponsor's intent to support the student, and the amount and the duration of the support. It should be signed and dated.

I certify that the statements given on this form are complete and accurate.
